

## Early Years Learning

For each half term in our Foundation Stage we do have a focused Topic which our learning in all the seven areas of the Early Years Foundation Stage will be linked to. However we also highly value child initiated learning and therefore follow the children's interest wherever possible. We are always ready to adapt to a new interest or exciting happening that may occur on any given day which sparks a joy and enthusiasm for learning.

Young children live in the here and now and if adults are to make a real difference to their learning they need to seize the moments when children first show curiosity and support their next steps immediately.
