¿Entiendes? – Do you understand?

Si, entiendo – Yes, I understand.

Remember:

These instructions will change slightly depending on whether the teacher is speaking to a mixed gender group of children or a group with only boys or only girls.

The instruction will also change if the teaching is addressing an individual child.

E.g. The teacher would say 'Preparados' to a mixed group of children, but would say 'preparado' if speaking to an individual boy or 'preparada' if speaking to an individual girl.
