## Prior learning

Basic greetings, numbers 1 - 200, days/months, pets, family members, nationalities, body parts, colours, following classroom instructions.

## Remember:

Places within a town use different determiners depending on whether they are considered masculine or feminine. Most place names ending in the letter 'a' are feminine and would therefore use the feminine determiner:

la/una playa – the/a beach

If the place name ends in any other letter, this will usually be considered masculine and will use the masculine determiner:

el/un banco – the/a bank.
