Subject Specific Vocabulary

Career	The job or profession that someone does for a long period of their life
Wage	An amount of money that is regularly paid to an individual for the work that they do.
Voluntary work	This is work done by people who are not paid for it, but who do it because they want to do it.
Attribute	A quality or feature that someone or something has.
Qualifications	A special skill or type of experience or knowledge that makes someone suitable to do a particular job or activity.
Apprenticeship	An arrangement in which someone learns an art, trade, or job under another.
Discrimination	Treating someone or a group of people differently, in a worse way because of their characteristics. For example, excluding them from a group.

What job would I like in the future?

What I will learn by the end of this topic:

- ❑ about a range of jobs and changes people make during their career over their lifetime
- ❑ the difference between paid and voluntary jobs and how some jobs are paid more than others
- ❑ about skills, attributes, qualifications and training needed for different jobs
- ❑ the different ways into jobs and careers, including college, apprenticeships and university
- ❑ how people choose a career/job and what influences their decisions, including skills, interests and pay
- ❑ how to question and challenge stereotypes about the types of jobs people can do
- ❑ how I might choose a career/job for myself in the future, why I might choose it and what could influence my own decision

Exciting books
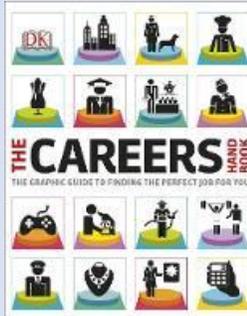

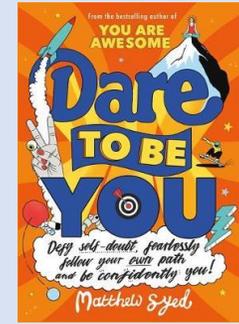

Previous Learning

- ❑ I have learned how jobs help people earn money to pay for thing they need and want.
- ❑ I know about a range of different jobs, including those done by people I know or people in the community.
- ❑ I understand people have different strengths and interest to help them do different jobs.
- ❑ I have learned how people use the internet and digital devices in their jobs and everyday life
