

## St George's Central CE Primary School and Nursery

### Computing Y5/6 – How do you stay safe on the internet?

What will we learn:

- To gain a greater understanding of the impact that sharing digital content can have.
- To review sources of support when using technology and children's responsibility to one another in their online behaviour.
- To know how to maintain secure passwords.
- To understand the advantages, disadvantages, permissions and purposes of altering an image digitally and the reasons for this.
- To be aware of appropriate and inappropriate text, photographs and videos and the impact of sharing these online.
- To search the Internet with a consideration for the reliability of the results of sources to check validity and understand the impact of incorrect information

#### Prior Learning

In Y3/4 I learnt:

- To understand how children can protect themselves from online identity theft.
- Understand that information put online leaves a digital footprint or trail and that this can aid identity theft.
- To Identify the risks and benefits of installing software including apps.
- To identify appropriate behaviour when participating or contributing to collaborative online projects for learning..

#### Resources that are going to help me achieve my learning.

#### Future Learning in KS3

To understand a range of ways to use technology safely, respectfully, responsibly and securely, including protecting their online identity and privacy; recognise inappropriate content, contact and conduct and know how to report concerns.

#### Vocabulary

Online Safety	Refers to staying safe when having a presence online.
SMART Rules	A set of rules based around the word SMART designed to help you stay safe when online.
Password	A string of characters that allows access to a computer system or service.
Reputable	Having a good reputation.
Encryption	The process of converting information or data into a code, especially to prevent unauthorized access.
Reference	A mention of a source of information in a book or article including online.
Plagiarism	The practice of taking someone else's work or ideas and passing them off as one's own.

#### Who do I tell if I see anything online that makes me upset or scared?

When you are at school, you should tell the teacher or another adult. At home, you should tell your parent or guardian or another adult that you trust.

#### Why are passwords so important?

Passwords protect your information and stop other people accessing it. Passwords are like a toothbrush; they should not be shared with anyone else.

**'Never settle for less than your best'**

*Jesus said, 'I am the light of the world. Whoever follows Me will not walk in darkness, but will have the light of life.' John 8:12*

***'Never settle for less than your best'***

*Jesus said, 'I am the light of the world. Whoever follows Me will not walk in darkness, but will have the light of life.' John 8:12*
