

St George's Central CE Primary School and Nursery

Computing Y1/2 – Computing – How can I show my ideas?

What will we learn:

- To explore how a story can be presented in different ways.
- To make a quiz about a story or class topic.
- To make a fact file on a non-fiction topic.
- To make a presentation to the class.

Prior Learning

In Reception I learnt:

- To use technology to create content
- To use a mouse/tablet to create simple pictures
- To begin to use a keyboard to type simple words

Resources that are going to help me achieve my learning.

Future Learning in Year 3/4

- To understand the uses of PowerPoint
- To create a page in a presentation
- To use the skills learnt to design and create an engaging presentation.
- To add media to a presentation.

Vocabulary

Concept Map (Mind Map)	A tool for organising and representing knowledge. They form a web of ideas which are all interconnected.
Node	A way to represent a concept or idea using text and/or images.
Animated	A process by which we see still pictures appear to move.
Quiz	A test of knowledge, especially as a competition between individuals or teams as a form of entertainment.
Non Fiction	Informative or factual writing.
Presentation	A speech or talk in which a new product, idea, or piece of work is shown and explained to an audience.
Narrative	A narrative (story or tale) is any account of a series of related events or experiences. This could be fictional or non-fictional.
Audience	The people giving attention to something.

What do we need to think about when planning a presentation?

The important thing to consider is the audience. Think about how old they are and what they would find interesting. For younger children, a presentation with pictures may be more appropriate.

Why should I plan out my presentation?

Planning out your presentation allows you to make sure you have included all the information you need to. It is easier to do this in the planning phase rather than when you have started the presentation.
