

# Y1/2 – What is IT?

What computers do we use at school?

These aren't computers. These are all information technology. They all have a computer inside or work with computers

Interactive whiteboard

Digital camera

Printer

Memory Stick (USB)

BeeBot

You will see information technology outside of schools and homes too.

What should I think about when taking pictures of someone?

- Does the person want their picture taken?
- Would the person be happy with the picture?
- What is the person happy for you to do with the picture?
- Is there anyone in the background?

Remember to follow our 5 top tips for digital wellbeing and our steps to staying safe online.

**ZIP IT**

Keep your personal stuff private and think about what you say and do online.

**BLOCK IT**

Block people who send nasty messages and don't open unknown links and attachments.

**FLAG IT**

Flag up with someone you trust if anything upsets you or if someone asks to meet you offline.
