

## St. George's Central CE Primary School and Nursery Accessibility Plan 2019-2022

### Our school motto

Never settle for less than your best.

### Our Vision

Following in the footsteps of Jesus, each member of our community will flourish as resilient, respectful and adaptable individuals prepared for life's journey. Along the way we will encourage and inspire each other to continue growing as beacons of light in our own lives and the wider world.

### Our Mission

St George's Central seeks to provide quality education rooted in the Christian faith, serving the spiritual, moral and educational needs of the community of which it is part.

### Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled children can participate in the curriculum
- Improve the physical environment of the school to enable disabled children to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled children

Our school aims to treat all our children fairly and with respect. This involves providing access and opportunities for all children without discrimination of any kind.

To help us achieve this we aim:

- To offer a broad and balanced curriculum with a range of similar learning experiences for all children
- To provide a happy, stimulating environment where positive learning takes place and where children can develop their full potential
- To encourage and sustain each child's curiosity and spontaneity
- To foster independent learning
- To provide a welcoming, caring and safe environment where children can develop self-respect, a sense of individual worth and are able to co-operate with, and show consideration to others
- To develop links with the home, school and church and involve parents and the wider community in the life of the school

The plan will be made available online on the school website, and paper copies are available upon request. Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues. The school supports any available partnerships to develop and implement the plan.

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, this procedure sets out the process for raising these concerns and is available on our school website and as a paper copy on request.

We have included a range of stakeholders in the development of this accessibility plan, including children, staff and governors of the school.

### Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#). The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

### Monitoring arrangements

This document will be reviewed every three years, but may be reviewed and updated more frequently if necessary. The initial plan and any further reviews will be approved by the governing body.

### Links with other policies

This accessibility plan is linked to the following policies and documents:

- Health and safety policy
- Equality Scheme
- Special educational needs (SEN) information report
- SEND (Special Educational Needs and Disability) policy
- Managing medicines in school policy

	currently undergoing a review and the needs of children who require support to access it are being taken into account on an ongoing basis.	Ensure resources available within school are tailored to the needs of children who require support to access the curriculum.	Purchase resources for children with dyslexic tendencies, such as reading overlays and coloured reading rulers.  Source specialist help and recommendations from the Targeted Education Support Service.	Mrs O'Brien	December 2019	More resources for children with specific needs will be available.  This will be reviewed termly.
		Review the PE curriculum to ensure PE is accessible for all.	Gather information related to disability sports and consider how this can be included within the PE curriculum.	Mrs O'Brien Mr Cooke	December 2019	The PE curriculum will be reviewed and adapted where necessary to ensure that it is accessible for all.  This will be reviewed in the summer term of each year.
Improve the physical environment of our school to enable disabled children to take better advantage of the facilities provided.	Our school environment is all on one level. There are no steps anywhere inside the school grounds or outside and where the terrain requires it access is available through slopes on paths.	Ensure all resources children may need are at a height accessible by wheelchair users.	Check storage of existing resources.  Purchase more shelving and storage at a wheelchair accessible height.	Mrs O'Brien	September 2019	All resources accessible to children will be stored at a height accessible for a wheelchair user.  This will be reviewed in the summer term of each year.
